MICROSOFT EXCEL

1. Inserte un User Form.
2. Cree el siguiente diseño.

The screenshot shows the Microsoft Excel UserForm1 design interface. The form contains the following elements:

- A label "nombre de la empresa" positioned at the top center.
- A radio button group labeled "Contrato" with one radio button selected.
- A radio button group labeled "Planta" with one radio button selected.
- Three checkboxes labeled "CheckBox1" each, with the first one checked.
- A scroll bar located on the left side of the main area.
- A page navigation control at the bottom center with buttons for "Page1" and "Page2".
- A command button labeled "CommandButton1" located on the right side.

- 3.
4. Dele según su creatividad una función útil a ese diseño (puede agregar más controles , pero no omitir ninguno).
